

## Statement of Significance

Filling out this worksheet will help you tell your story in a compelling, convincing, clear and specific manner. Answer the questions below with as much detail as possible.

1. What is the problem my project addresses?

2. Consider timely statistics, focus on your solution, and succinctly state what is necessary to solve the problem.

3. Keeping in mind that this section is usually followed by the goal and objectives section, briefly describe what it will take to solve the problem.
